

Corporate Companies and Its Crimes

Corporate Fraud by Contribute tech to the World. Here this technology has freely trained in Corporate AI. This AI's not useful to the world due to if requested any it simply answers heat words included and illegal as policy but works for Owner due to Corporate Companies are made.

another contribution to Biology for poor people with the name of WHO. Found biological research done in all institutes and hospitals. Here research on trainee doctors with multiple drugs because they only know where their pain means in the stomach or large intestine or small intestine which are left or right or other regarding all parts of the entire body. Which are seen in Kolkata rape case where viral world. And after research they are doing clinical research on rats and pigs and then humans where first doing on MAD people on mental hospital because no one can question to doctor what happening if any one ask they answer its mental i had seen at front of me.

One more Corporate fraud is fooling people and the dark web. USA people have raised complaints 10 to 15 Years back regarding it we are getting ads or content which are fearing us due to how they know when we need milk or coffee or based on our health it suggests nearest shops also for even pop corn by notifications. Here tech giants answered based on previous search. And they also complain regarding some one spying on us again tech giants answered based on social media selfies and your contents. But still driving world by dark web using free video hostages like youtube, shorts, insta, fb, free gps, free satellite view and many. For boosting dark web they inventing new techknowlgies like 6G, Quantum even AI.

In india digital payments in mobile need 200kbps but Even 5G cant pay at vedor where 5G means nearly posiblity of 300 to 500gbps

Our work can done by digital computer than why quantum?

due to dark web lagege free with 6G or quantum to hackers or mafia.

Be careful with Indians due to this all crimes are done by Name of Help others.

Doing badthing with name of good words and done it by acting..

WHO, World Bank and other trusts and its insider trades.
